Technology for Librarians 101 is offered as part of the Nebraska Broadband Mapping and Planning Initiative, funded through a grant by the U.S. Department of Commerce's National Telecommunications and Information. The Initiative aims to increase broadband adoption and use. Project partners include the University of Nebraska, Nebraska Department of Economic Development, Nebraska Information Technology Commission, Nebraska Public Service Commission, and the AIM Institute. For more information, check <http://broadband.nebraska.gov>
