

NDWEE Interactive Mapping System

Hazardous Materials

[Interactive Mapping System Website](#)

1. Open the NDWEE Interactive Mapper. Enter an address or place in the search bar at the top right-hand corner.

2. While zoomed in on your project location, select the **Find Facilities** tool from the left-hand side of the map, then select the **Map Search** tab, and use one of the draw tools to outline the project area. After you've outlined the project, select **Map Results to Grid**.

3. If there are any facilities in the area, check **Yes** for question 13a. The regulated facilities will be listed on a new tab at the bottom of the map, and information about the existing programs at each site can be downloaded from available documents if needed.

	ID	Name	Street
	▽ Equi	▽ Contains...	▽ Contains...
1	44884	Noler Trucking	300 Hector St
2	57935	Cordova Wastewater Treatment	Aeneas St
