

How ISPs Access the Portal for the Nebraska BEAD Challenge Process

ISPs that intend to apply for BEAD funding will require a Tier D license from CostQuest to access the location data. Tier D will also allow ISPs to participate in the challenge process through the portal. There is no cost associated with the Tier D license.

1. Obtain an FCC Registration Number by following the steps at:
<https://www.fcc.gov/wireless/support/knowledge-base/universal-licensing-system-uls-resources/getting-fcc-registration>

2. Request a Tier D License:

- Step-by-Step instructions: <https://costquest.info/3NFW3e>
- Apply here: <https://apps.costquest.com/NTIArequest/>

Questions: email IFAsupport@costquest.com or access resources at <https://broadbandusa.ntia.doc.gov/policies/CostQuest-Licensing>
